

Get card account list - GET/card-accounts		
Attributes	Description	SE Individuals
accountId	Internal technical account identifier. The ID will point at an agreement (containing 1-n cards) rather than a physical credit card.	eg <a href="#">ae577250-6cf3-11e9-9c41-e957ce7d7d69</a>
maskedPan	Number of the credit card (16 digits). The first and last four digits will be shown and the rest are masked with asterisks ('*'). The response is sorted by "maskedPan" number.	eg <a href="#">5213*****3283</a>
name	Name of the card holder.	eg <a href="#">Linda Larsson</a>
currency	Currency code of the card, according to ISO4217.	eg <a href="#">SEK</a>
product	Card account type.	eg <a href="#">Platinum</a>
creditLimit	Credit limit expressed in the currency of the credit card. Contains the "currency" and "amount".	eg <a href="#">SEK 20000</a>
balanceType	Balance type sent along with the card account information.	<a href="#">AVAILABLE_AMOUNT</a> (Available balance calculated at the time of request and includes booked transactions, reservations and credit line.)
balanceAmount	Available amount expressed in the currency of the credit card. Contains the "currency" and "amount".	eg <a href="#">SEK 20000</a>

Get card transactions - GET/card-accounts/{accountId}/transactions		
Attributes	Description	SE Individuals
status	Booked / Pending status	Booked and pending. eg <a href="#">Booked / Pending</a>
transactionAmount	Amount contains the "currency" and "content" of the transaction.	eg <a href="#">SEK 100 / 105.5 / 999.99</a>
transactionDate	The date on which the transaction took place.	eg <a href="#">2020-02-01</a>
bookingDate	The date on which a transaction is booked on the account. Omitted for PENDING transactions.	eg <a href="#">2020-02-01</a>
creditDebit	Transaction is either a credit or debit on the card account.	eg <a href="#">Credited / Debited</a>
transactionDetails	Details of the transaction. Max length of this field is 20 chars.	eg <a href="#">MAXI ICA STORMARKNAD</a>
maskedPan	Number of the credit card (16 digits). The first and last four digits will be shown and the rest are masked with asterisks ('*').	eg <a href="#">5213*****3283</a>

Other important information	
Maximum period and number of transactions	For Individual customers, the maximum period of transactions retrieved is 15 months. The maximum amount of card transactions is 600, for any given period. A message will be delivered if the number of transactions to be retrieved exceeds the maximum. If this is the case, please limit the search.
Search transactions by entering a date interval	Rules for date intervals: <b>1) dateTo = not provided, dateFrom = provided.</b> If dateTo is not provided, it is set to the current date (i.e. today). And if dateFrom is provided, transactions are delivered between dateFrom and dateTo. <b>2) dateTo = provided, dateFrom = not provided.</b> If dateTo is provided, but dateFrom isn't provided, then dateFrom is set to one month back from dateTo. Transactions between dateFrom and dateTo are delivered. <b>3) dateTo = not provided, dateFrom = not provided.</b> If dateTo and dateFrom are not provided, dateTo is set to the current date (i.e. today) and dateFrom is set to one month back from today. Transactions between dateFrom and dateTo are delivered e.g. 2020-02-19 - 2020-03-19.
Order of transactions	The results show transactions by bookingDate order.
Transactions delivered	Booked and pending transactions are delivered. Note: a transaction with a transactionDate = Saturday will be included in the results when the date interval includes the following Monday.
